KOMOREBI SYSTEM™

Matchmaking through shared light

A magical artifact (app) that uses algorithmic rune enchantments to match compatible beings.

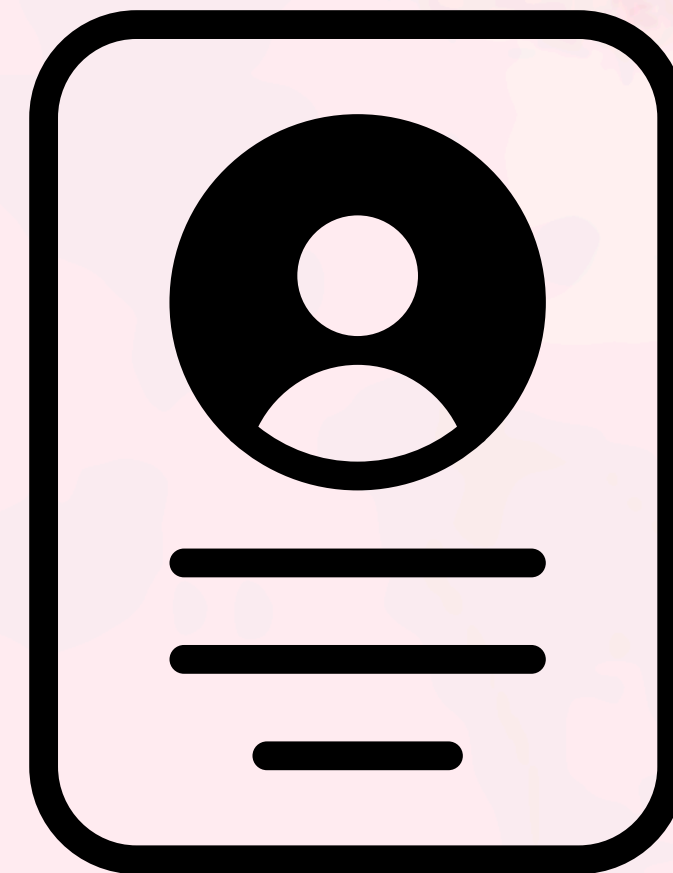

**Like the leaves in komorebi, we filter the harsh light —
not to hide you,
but to reveal your best self, in the clearest view."**

THE KOMOREBI SYSTEM

01

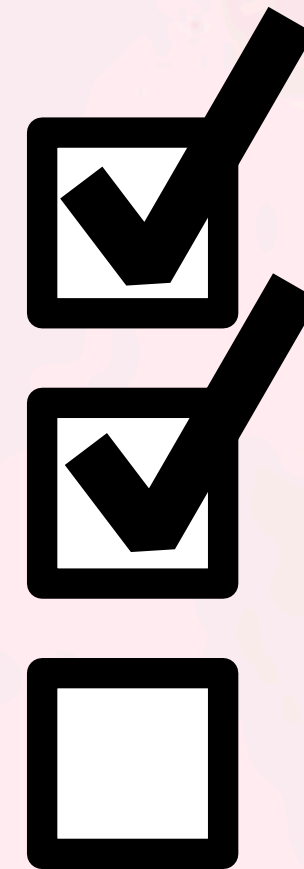

Users fill out guided profiles about their information, interests/hobbies, and preferences.

THE KOMOREBI SYSTEM

02

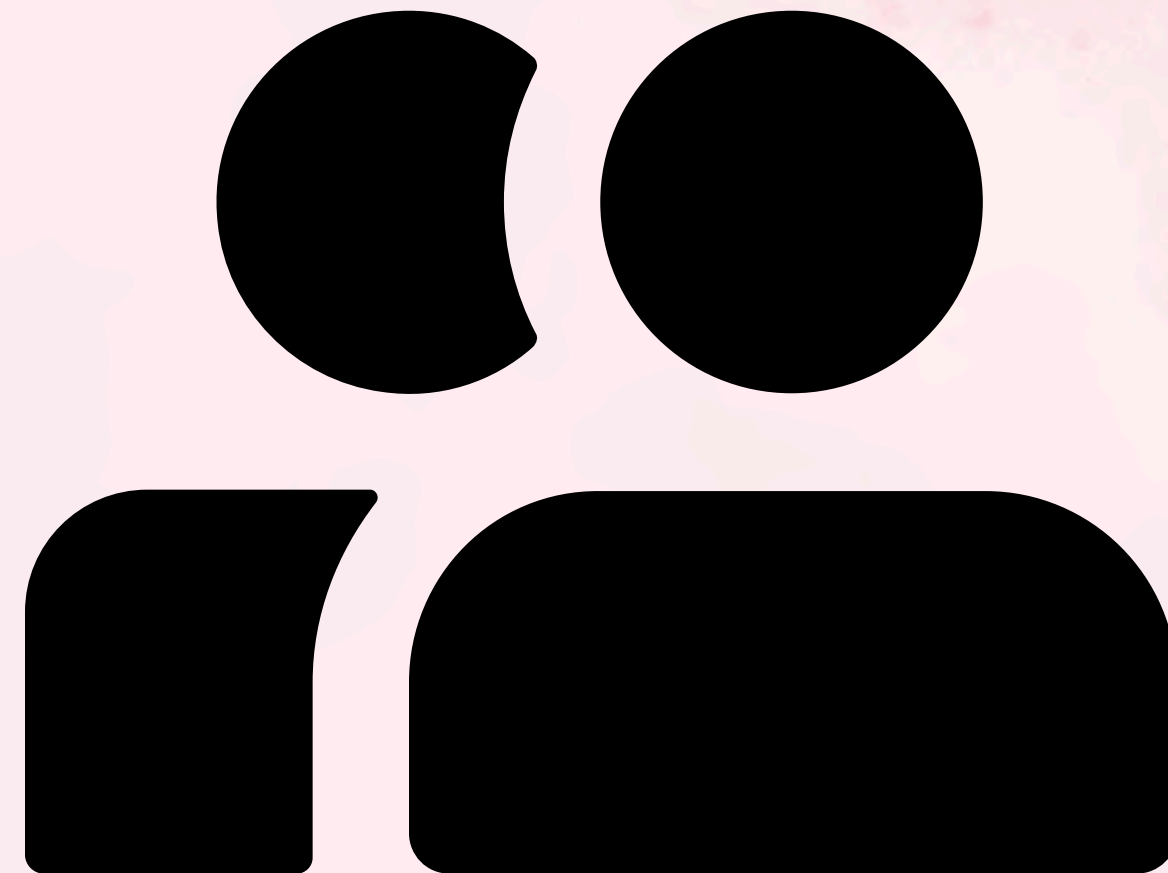

Komorebi selects potential matches in the database.

THE KOMOREBI SYSTEM

03

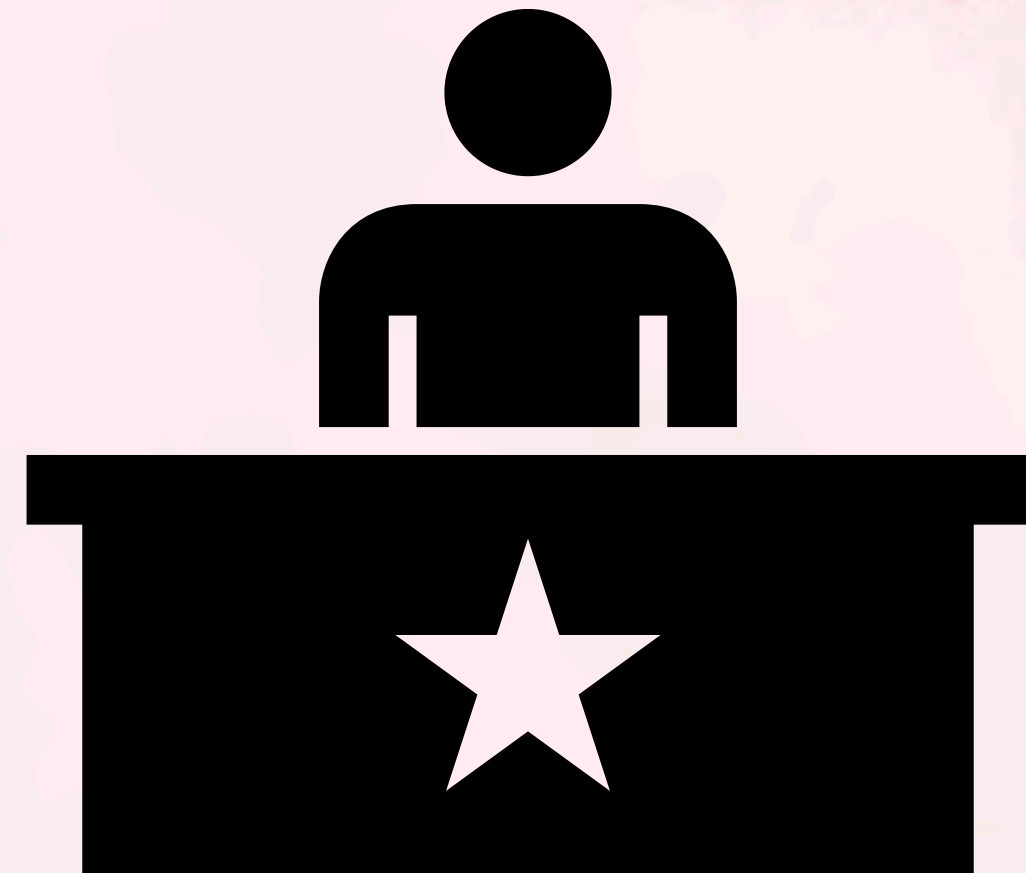

If there's a match and
mutual interest, users meet
— often the same day.

THE KOMOREBI SYSTEM

04

Guides available for assistance — especially for species who can't use the magical tablets directly or need extra support

A decorative graphic of a blue cloud with white swirls, set against a pink background. The cloud is stylized with white outlines and contains white spiral patterns. It is positioned on the right side of the page, partially overlapping the pink background.
